

# DropletONE

Label-free Droplet Analysis and Sorting

**Enhanced Encapsulation**  
- 100x higher yield, 99% purity -

**Reduced Data Storage**  
- up to 95% -

**Reduced Experiment Costs**  
- up to 20% -

**Consistent Droplets**  
- ultra-precise, real-time droplet control -

## APPLICATIONS

Personalized Medicine | Cell Therapy |  
Drug Discovery | Antibody Screening |  
Sequencing | Organoid Screening |  
Particle Synthesis | Genomics
